

APPLETON

What Ideas Can Do™

August 26, 2009

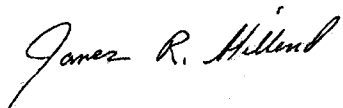

To Appleton's North American POS Customers:

Although Appleton is putting forth its best effort to mitigate the effect of the escalating raw materials, energy and transportation costs we have been unable to off-set the full extent of the rapidly rising costs.

For this reason, prices for Appleton's Alpha 400-2.1 and Alpha 400-2.3 grades will increase by 5% effective on shipments on Oct 1, 2009.

We value your business and thank you for your continued support. If you have questions, please contact your Appleton sales representative.

Sincerely,

Jamie Hillend
Executive Director – POS Business

Subject: Price Increase Announcement

Due to current market conditions and increased input and operating costs, Kanzaki Specialty Papers is announcing a 5% price increase on all direct thermal Point of Sale and Facsimile papers. This increase is effective with shipments beginning on October 5, 2009.

Should you have any questions, please do not hesitate to contact your Sales Representative or myself.

Thank you for your valued business and continued support.

Sincerely,

David Gonsalves
Vice President Sales & Marketing
Kanzaki Specialty Papers
