RITEMADE NAMED IN TOP 500 OF NATION'S DIVERSITY BUSINESSES

Kansas City, Kansas, USA In continued recognition of the economic power of privately held businesses, DiversityBusiness.com, the nation's leading multicultural business website, recently named RiteMade Paper Converters, Inc. as 70th among the top 500 privately-held diversity businesses in the United States for 2010. RiteMade was also recognized as a leader in diversity employment in 2009.

This is the 10th annual listing by DiversityBusiness.com. The companies listed represent the nation's top multicultural earners and challenge the long-held notion that a privately held business is small or insignificant. Companies on the list are sought by major corporations wishing to increase spending with small businesses.

"Diversity-owned businesses contribute over \$1.4 trillion in sales to the U.S. economy," said Kenton Clarke, CEO of Computer Consulting Associates International, the company that built DiversityBusiness.com. "It is no longer just 'the right thing' to do business with diversity suppliers. Because of recent economic and demographic trends and changes, major corporations are realizing that having a diverse supplier base positively impacts their business revenue from this sector of buyers."

Stephen K. Schwartz, President and CEO of RiteMade commented, "It is a distinct honor to be recognized for a second consecutive year by DiversityBusiness.com. RiteMade has always embraced the importance of having a diverse employee base and, within the next years, we should realize our goal of surpassing 50% minority ownership. This is a tremendous achievement for our company and all the outstanding vendors and customers that have supported RiteMade over the years."

RiteMade Paper is a converter of small paper rolls for business machines. RiteMade is a 100% employee owned company with manufacturing plants and full line warehouses in Kansas City, KS; Richmond, CA; and Fredericksburg, VA. RiteMade offers plain or printed carbonless, thermal, bond, Security Enhanced and 40% Post-Consumer Waste products. For detailed information, please visit the RiteMade web site at www.ritemade.com
